## **MONUMENT DEALERS**

### **Regional**

The monument dealers listed below can assist with memorialization plans for Grandview and Roselawn Cemeteries. Any monument company chosen, even one not listed, is required to meet size and style requirements for either cemetery.

The Cemetery is not equipped to take shipments of monuments, with the exception of Veterans Monuments. Therefore, the customer is responsible to receive and uncrate the monument; a licensed, bonded dealer is usually contracted to do this. Veteran's markers and monuments meant to be set flush with the ground will be installed by the Cemetery. The dealer will install all other monuments. A City of Fort Collins Cemetery Foundation Order and all applicable fees will be required before the monument can be installed.
